TDHCA

The Texas Department of Housing and Community Affairs (TDHCA), also referred to as “the Department” is the official Housing Financing State Agency (HFA) responsible for affordable housing, community and energy assistance programs, Colonia activities, and regulation of the state's manufactured housing industry. The Department currently administers \$2 billion through for-profit, nonprofit, and local government partnerships to deliver local housing and community-based opportunities and assistance to Texans in need. The overwhelming majority of the Department's resources are derived from mortgage revenue bond financing and refinancing, federal grants, and federal tax credits.

The Texas Homebuyer Program is primarily responsible for the creation, oversight, and administration of the Department's homeownership programs, which are designed to assist low-to- moderate-income homebuyers. The program does this through both bond proceeds and a TBA program in which funds are generated through private investors. Program options are made available to Texas consumers through the Department's network of approved participating lender partners.

Participating Lenders play a very important role in the TDHCA homeownership programs. Lenders assist homebuyers to qualify for more home using programs offered by TDHCA, including our low-rate First mortgage, down payment assistance, and mortgage credit certificates. TDHCA homeownership programs can help lenders increase loan production serving more customers and their community.

As a participating lender, you will handle the process of reserving the mortgage loan and/or mortgage credit certificate in the TDHCA Lender Portal; and process, underwrite, approve, fund, close and sell qualified loans to the program's Master Servicer (as applicable). Lenders are responsible for servicing first and second program loans in accordance with Agency requirements until they are purchased by the Master Servicer.

The Money Source (TMS), TDHCA's master servicer for first mortgage loans and second loans with down payment assistance. All loans originated through the TDHCA My First Texas Home and My Choice Texas Home option(s), whether with or without an MCC, will be sold to and serviced by TMS. As master servicer, TMS provides information and training concerning the mortgage loan file, including the following functions:

1. Receives all mortgage (loan purchase) files;
2. Reviews mortgage files and notifies lenders of mortgage file exceptions;
3. Approves mortgage files for purchases;
4. Funds the Lender upon purchase; and
5. Services First and Second mortgage loans.

Hilltop Securities, Program Compliance Administrator

Hilltop Securities serves as the Program & Compliance Administrator for the TDHCA Homeownership programs. As program administrator, Hilltop Securities performs the following functions:

1. Provides Post-Closing compliance file review;
2. Maintains the program reservation system website (Lender Portal*) and auto-populated program documents;
3. Provides assistance with compliance questions and any program/loan changes as necessary;
4. Provides training and assistance with the Lender Portal*;
5. Notifies the lender of conditions/approvals via the Lender Portal and email as required;
6. Maintains guidelines, bulletins and other important Lender resources in the Lender Portal*; and
7. Circulates announcements and the daily interest rate sheet electronically.

*Training is required for all users before access is granted to reserve funds, see Section 7.2, Lender Training.

TDHCA currently offers homeownership options through the following programs:

My First Texas Home (MFTH) is exclusive to First Time Homebuyers (FTHB). My First Texas Home has a 30-year deferred repayable second lien; a 3-year deferred forgivable second lien option both of which include down payment and closing cost assistance in an amount up to 5% of the mortgage loan. MFTH also offers an Un-Assisted Rate Option (No DPA). See daily Rate Notice for current assistance availability.

The homebuyer must meet IRS Tax-Exempt Mortgage Revenue Bond income eligibility requirements, which include the income of a Non-Purchasing Spouse and anyone else who will have ownership interest in the property (sign the Deed of Trust), to meet Income Limits per the applicable, Texas County. Please refer to Section 4, Title Requirements for more information on who may sign the Deed of Trust and be vested on title.

My Choice Texas Home (MCTH) provides homebuyer(s) a 30-year deferred repayable second lien and a 3-year deferred forgivable second lien option both of which include down payment and closing cost assistance in an amount up to 5% of the mortgage loan. There is no First-Time Homebuyer Requirement on the My Choice Texas Home option but must meet Income Limits per the applicable, Texas County. Please refer to Section 4, Title Requirements for more information on who may sign the Deed of Trust and be vested on title. See rate sheet for specific terms and availability.

Texas Mortgage Credit Certificate (MCC) Program

Currently TDHCA offers MCCs through the My First Texas Combo Option that combines DPA and a MCC. Stand Alone MCCs are not available through this Program. Additionally Stand Alone MCCs administered from other issuers, may not be combined with a TDHCA product.

What is a Texas Mortgage Credit Certificate?

An MCC is a non-refundable federal income tax credit certificate, designed to assist persons of low to moderate income to better afford home ownership. The MCC holder is eligible to claim a portion of the annual interest paid on the mortgage as a tax credit, during each year that they owe amounts on their mortgage loan and occupy the home as their Primary Residence. The portion or amount of the tax credit is equal to the mortgage credit rate on the MCC multiplied by the annual interest paid. This credit reduces the federal income taxes of the buyer, resulting in an increase in the buyer's net earnings. Increased buyer income results in increased buyer capacity to qualify for the mortgage loan. The MCC has the potential of saving the MCC holder thousands of dollars over the life of the loan. The MCC holder must have a tax liability to benefit from the annual credit in any given year in order to claim the benefit. The MCC borrower is not required to have an existing tax liability in order to qualify, however it is recommended to consult with borrowers to determine, if, in the future, they expect to earn more income or a different type of income that would result in a future tax liability. This will help determine if the borrower would be able to claim the MCC tax credit in future years and help them, determine, the value of a MCC, for the life of their loan.

Texas MCC Tax Credit Rate

In an effort to maximize the amount of MCC funds available through each allocation, the TDHCA MCC is issued as a 20% credit rate.

Section 1 – Borrower Eligibility

All TDHCA guidelines as demonstrated in this manual are subject to any additional Master Servicer Overlays and must meet all TDHCA and Master Servicer guidelines in order to be eligible for purchase. The Department reserves the right to revise these guideline procedures at any time.

1.1 Qualify and Disclose

Lenders will qualify borrowers for the program, according to agency guidelines and TDHCA Texas Homebuyer Program overlays, within this title.

Lenders will provide and discuss the Notice to Buyer(s) Disclosure prior to reserving a loan in the system, downloadable from within the Lender Portal, located under Program Documents in the top navigation bar.

1.2 Recapture Tax

All My First Texas Loans and Mortgage Credit Certificates may under certain circumstances, be subject to federal income tax recapture provisions. **Note:** Recapture Tax does not apply to My Choice Texas Home.

At the time of loan application and before making a reservation in the Lender Portal, the Lender should provide:

1. [The Recapture Tax Brochure](#) regarding recapture to the Eligible Borrower and
2. The Notice to Buyer(s) Disclosure.
 - The Lender should discuss these documents with the borrower(s) and answer any questions at application and will be executed at closing.
 - After loan closing and compliance approval by Program Administrator - Hilltop Securities, the borrower will receive via mail, the completed Notice of Potential Recapture Tax on Sale of Home, specific to their loan. Borrowers utilizing the MCC Program will receive their Mortgage Credit Certificate. The Notice and the Mortgage Credit Certificate will also be available in the Lender Portal.

1.3 First Time Homebuyer Requirement

My First Texas Home (MFTH) and Texas Mortgage Credit Certificates (TXMCC)

Borrower(s) and non-purchasing spouses using this option are eligible as First Time Homebuyers (FTHB) only if they **have not owned and occupied** a primary residence during the last three years. All borrowers and Non-Purchasing Spouses shall be vested on title and listed on the Deed of Trust.

The homebuyer(s) may be exempt from the First-Time Homebuyer requirement if:

- Homebuyer or spouse is a qualified veteran, honorably discharged as evidenced by DD-214 discharge papers, and has not previously qualified for and received a mortgage financed through a mortgage revenue bond program by reason of the qualified veterans exception to the first-time homebuyer program.
- Subject property is in a [Qualified Targeted Census Tract](#) (Targeted Area).

Verification of First-time Homebuyer Status

The following evidence is required to determine First-Time homebuyer status and must be included with each **My First Texas** Loan submission file (compliance file) for each borrower:

- Signed and dated Form 1040, 1040A or 1040EZ federal income tax returns, IRS tax transcripts or IRS Record of Account, obtained through the Internal Revenue Service (IRS) for the past three (3) years with all schedules that show no deductions for mortgage interest or real estate taxes for a Primary Residence.
Note: IRS Tax Code requires the previous year tax return or tax transcript on any mortgage loan closing with a Mortgage Credit Certificate (MCC) after **February 15th**. Lenders may proceed with loan closing; however, the MCC will not be issued by TDHCA until the required tax information is provided by the borrower, co-borrower and spouse (including Non-Purchasing Spouse).
- In the event the borrower was not obligated to file federal income tax returns for any of the preceding three (3) years, it is required that the borrower state so on the Borrower Affidavit.
- A borrower who cannot provide tax returns because they did not file them when required to do so per Internal Revenue Service requirements, are not eligible for the option(s) under the My First Texas Home or Texas Mortgage Credit Certificate.
- If one or more of the borrower's tax returns reflect that the borrower took a deduction for a mortgage interest or real estate taxes on property claimed not to be the primary residence, documentation is required to demonstrate the rental status for that property during the relevant period (for example, rent receipts or canceled checks). Documentation of the rental history may be required for the period from the last tax return filed to the program application date.
- Copies of tax documentation is to verify first time homebuyer status, NOT to verify income, unless required by AUS Findings.
- An ownership interest in a mobile home will be considered a prior ownership interest in a primary residence if the mobile home was permanently attached or anchored to land and has had the wheels and other components used in transportation removed; and taxed as real property.

My Choice Texas Home: Homebuyer(s) using this option are not required to be First-time homebuyers. Borrowers may have previously owned or may currently own a home, provided that, the home being purchased becomes the borrower's primary residence upon loan closing. Please note that if an existing home was purchased with TDHCA DPA, any remaining balances are due and payable on or before closing on the new My Choice Texas Loan.

1.4 U.S. Citizen Residency Requirement

Mortgage loans must conform to the requirements of FHA, VA, USDA, Fannie Mae or Freddie Mac as it relates to non-U.S. citizen borrowers, including DACA recipients. The Texas Homebuyer Program has no additional overlays regarding immigration status, at this time.

1.5 Primary Residence Requirement

First time homebuyers utilizing My First Texas Program must reside within the State of Texas to be eligible to apply for the Texas Homebuyer Program. TDHCA will verify FTHB residence with a Borrower Affidavit of Residence at the time of compliance review, post-closing. This Affidavit of Residence will be available, along with all other regular closing documents, after Under Writer Certification is uploaded, reviewed and approved in the Lender Portal. Residency Affidavit address is not required to match the original loan application or other loan documents.

The subject property must be owner occupied and become the primary residence within 60 days of loan closing for all borrowers, subject to the terms of the Note and Deed of Trust. Non-occupying co-borrowers are NOT allowed.

1.6 Homebuyer Education

Each Homebuyer must complete pre-purchase homebuyer training provided by one of the following:

- Finally Home HUD Certified Homebuyer and Financial Literacy Education: <https://www.finallyhome.org>
Sliding Scale Fee based on Income
- Freddie Mac CreditSmart® Homebuyer U: [Freddie Mac CreditSmart](#)
- [HomeView Homebuyer Education | Fannie Mae](#)
- TDHCA's FREE Online Homebuyer Education course "Becoming a Homeowner" available through Texas Homebuyer U - <http://education.myFirsttexashome.com>

A Certificate of Completion will be required for each borrower, including a Non-Purchasing Spouse. Non-Occupying Co-Signers are not required to complete a Homebuyer Education Course.

1.7 Maximum Income

TDHCA relies on the Lenders and borrowers to provide accurate and verified income data. This reliance is based upon the Lender certifications through reasonable investigation of the borrower's credit profile and includes statements by the borrower that facts, are true and correct. Each Lender and borrowers will provide signed certifications, which are specific about the information provided and its accuracy.

In the event of false statements or fraud, there are substantial penalties, which may be levied. Including termination of the Master Mortgage Origination Agreement with TDHCA. Therefore, TDHCA encourages the Lenders and the borrowers to provide accurate information and assure that calculations are within the limits and guidelines.

My First Texas Home and Texas Mortgage Credit Certificates Income Limit Qualification

For the purposes of meeting the program eligibility criteria (Income Limits), the borrower(s) annual income may not exceed the most recent maximum income limits as published by TDHCA. The maximum income limits are calculated based on median family income data published by the Department of Housing and Urban Development (HUD) and the IRS. The income limit applicable to the household is based on the verified county where the property is being purchased and the number of qualified residents of the subject property. Co-signers shall not be counted toward the household resident totals and are not permitted to reside in the subject property.

- Income totals for the purpose of Income Limit qualification includes the borrower's current gross income, as well as that of anyone else who is expected to live in the Residence **and** become liable on the Deed of Trust or Mortgage, which includes Income of a Non - Purchasing Spouse for My First Texas Income Limit qualification. Do not include any unmarried occupant income for Income Limit qualification if they are not party to the Note of the subject property.
- Current total income for Income Limit qualification, is not required to be the same income amount used to credit qualify for underwriting purposes. However, in no case may current annual Income Limit qualifying income be less than the income used to credit qualify borrowers (excluding co-signors income, if applicable). Current Income/Purchase Price Limits can be found on the TDHCA website: [Limits.pdf](#)
- Lenders should use their due diligence to calculate inconsistent income such as one-time bonuses, commissions without sufficient history, child support awarded but not received, as some examples, by reviewing adequate documentation and making the best determination on Income that is consistent and expected to continue.

My Choice Texas Home Income Limit Qualification

For the purposes of meeting the program eligibility criteria (Income Limits), **only the income of the borrower(s), as shown on the 1003 Residential Loan Application will be considered.** The income of a Non-Purchasing Spouse (NPS) will not be included in the calculation.

- For example, only the income used to qualify the mortgagor for repayment of the mortgage loan (from the 1003 loan application and/or the applicable underwriting worksheet) will be compared against the program limits. Co-signers Income is included for My Choice- Conventional Loans only for the purposes of Income Limit qualification. See Section 4.2, Co-signers and Guarantors.

1.8 Credit Score and DTI Requirements

For all program options, the following apply except for Manual UW:

Section 2 – Property Eligibility

2.1 Location

The subject purchase property must be located within the State of Texas.

2.2 Eligible Property Types

Eligible properties include new or existing -single family homes; condominiums; Planned Unit Developments (“PUD”); manufactured homes and duplexes as long as one unit is occupied by the eligible homebuyer as their primary residence. Duplex must be occupied as residential property at least 5 years prior to the closing date for the mortgage loan unless the duplex is located in a qualified targeted census tract.

Manufactured Housing Units (MHU) are allowed in both, Government and Conventional loan products, and will only be purchase eligible if titled as real property. Single and Double Wide Manufactured Homes are acceptable. Manufactured Home loans are subject to a LLPA of .50 applied to the total loan amount and will automatically be settled at purchase of the loan. TDHCA approved lenders have the option to disclose and charge to the borrower, up to .50 and show on final CD as MHU Funding Fee. The MHU Funding Fee max of .50 is separate from a possible max additional .50 Origination fee. Both are optional fees at the lender’s discretion to charge to the borrower up to the maximums posted.

Additional time should be factored in for Manufactured Home purchases when making a loan reservation. The TDHCA Manufactured Housing Division is a completely separate Division that helps administer MHUs conversions to real property, where applicable, in addition to other MHU Title issues. It is important to work with your closing team, Title Company and the TDHCA MHU Division to complete all requirements for purchase.

2.3 Acreage and Property Standards

The land appurtenant to the residence shall be considered as part of such residence only if such land does not exceed 1 acre, reasonably maintains structural integrity, safety the basic livability of the residence and does not provide, a source of income to the mortgagor, see Section 2.5, Usage of Residence in a Trade or Business, for more information.

- TDHCA *may* consider an exception to the 1 acre maximum restriction if the lot size is commensurate with other lots in the area; is not being used to generate any income for the mortgagor.
- Consideration for total value vs. land/site value will be part of the review and may result in the determination to deny acreage exceptions. See agency guidelines (loan product) for additional property restrictions.
- Site value and value of any ancillary buildings on the subject property lot, must be called out on the final appraisal by the licensed appraiser.

Requests for Acreage exceptions must be emailed with a copy of the appraisal to: txhomebuyer@tdhca.texas.gov, please allow 48-72 hours for review and determination.

2.4 Ineligible Properties

Rental homes; triplexes; fourplexes; cooperative housing; investment homes; recreational; vacation or “second homes”; motor homes; campers and similar vehicles. **Note:** all TDHCA Programs are intended to be held as Owner Occupants throughout the term of the indebtedness. Renting, refinancing, paying off the first lien or otherwise transferring title to the subject property after closing, may trigger repayment. If you are refinancing a home or providing financing for an additional home for borrowers who have been assisted with TDHCA funds, please do your due diligence to research if the borrower is beyond any affordability periods indicated in their original closing documents.

2.5 Usage of Residence in a Trade or Business

The land appurtenant to a residence will be considered a part of the residence only if such land reasonably maintains structural integrity, safety the basic livability of the residence and does not provide, other than incidentally, a source of income to the mortgagor.

Except for a unit rented in a duplex, where one unit is owner-occupied, the borrower cannot use more than 15% of the Residence in a trade or business. The lender will review the borrower(s) tax returns to verify if the borrower(s) deducted any portion of the cost of the Residence as a home business expense and determine whether more than 15% of the residence was used. Borrowers providing childcare in the home are assumed to be using more than 15% of the residence for business purposes and, therefore, do not qualify for the program.

2.6 Acquisition Cost

Each property financed by a mortgage loan under the program must have an acquisition cost not exceeding the maximum purchase price limits applicable to the county in which the property is located. For current maximum purchase limits, see the program website at [Texas Homebuyer Program Income and Purchase Price Limits.pdf](#)

2.7 Targeted Areas

Other governmental agencies, including TDHCA, may have specific areas **considered targeted**, for expanded program offerings. As it relates to TDHCA, only the tracts listed in the [Revenue Procedure 2024-08](#) are applicable to the Texas Homebuyer Program as it relates to first-time homebuyer requirement, higher income and purchase price limits and special rate offerings.

2.7 Targeted Areas, Cont.

Revenue Procedure 2024-08 defines a "qualified census tract ", according to § 143(j)(2)(A), is a census tract in which 70 percent or more of the families have income that is 80 percent or less of the statewide median family income. Section 143(j)(2)(B) of the Code provides that the determination that a census tract is a "qualified census tract" must be based on the most recent decennial census for which data are available. To read the Revenue Procedure, [click here](#).

To verify that a property is located within a Qualified Targeted Census Tract visit the program website: [TargetedAreas](#)

2.8 Insurance Requirements

Minimum Coverage amount: Equal to replacement cost as determined by the licensed Texas Insurance Company issuing the policy.

Homeowners Hazard Insurance Coverage: 2% Maximum Deductible

Other Perils - Hurricane, Wind, Hail and other: 5% Maximum Deductible

Flood Insurance: As required on the flood certificate

2.9 Mechanic Liens or Claims for Work

At settlement of the mortgage loan, and to the Seller's knowledge as of the transaction date, there were no mechanic liens or claims for work, labor or material affecting the mortgage property, which are or may be a lien prior to the lien of such mortgage except those which are insured against by the title policy.

The mortgage is a valid, existing, and enforceable first lien on the mortgaged property, including all improvements on the mortgaged property subject only to (i) the lien of current real property taxes and assessments not yet due and payable, (ii) covenants, conditions and restrictions, rights of way, easements, and other matters of the public record as of the date of recording being acceptable to mortgage lending institutions generally and specially referred to in the owner's title policy delivered to the originator of the mortgage loan and which do not adversely affect the appraised value of the mortgaged property, (iii) other matters to which like properties are commonly subject to which do not materially interfere with the benefits of the security intended to be provided by the mortgage or the use, enjoyment, value, or marketability of the related mortgaged property. Any security agreement, chattel mortgage, or equivalent document related to and delivered in connected with the mortgage loan establishes and creates a valid, existing, and enforceable first lien and first priority security interest on the property described therein, and the Seller as the full right to sell and assign the same to the Master Servicer..

Section 3 – Loan Eligibility and Underwriting

3.1 Loan types

FHA: Originated and guaranteed in accordance with FHA guidelines or any other acceptable FHA program as determined by TDHCA from time to time. FHA 203k loans are NOT allowed. **FHA Manual UWs not allowed and will not be eligible for purchase by the TDHCA Master Servicer.**

VA: Originated and guaranteed in accordance with VA guidelines 1810 and 1810A or other acceptable VA program as determined by TDHCA from time to time. **VA Manual UW Max DTI is 45%.**

USDA: Originated and guaranteed in accordance with USDA guidelines. **USDA Manual UW Max DTI is 45%.**

Freddie MAC HFA Advantage: The Freddie Mac HFA Advantage® mortgage offers outstanding flexibility for maximum financing. This offering adopts the responsible and affordable requirements of the Freddie Mac Home Possible® mortgage but with added features for housing finance agencies (HFAs). **Conventional Manual UW not allowed and will not be eligible for purchase by the TDHCA Master Servicer.**

Freddie Mac HFA Advantage is only available through My Choice Texas Home with two different options:

- Borrowers with incomes of 80% AMI or below and Borrower with incomes of over 80% AMI, please do your extra due diligence when qualifying borrowers on the 80% and Over product.

Additional Requirements

- a. All loans are subject to TDHCA and Master Servicer overlays.
- b. Non-occupant cosigner income must be included in the 80% AMI limit.
- c. Minimum MI coverage required for HFA borrowers earning 80% AMI or less. Custom MI® available for borrowers earning more than 80% AMI subject to a credit fee in price. Lender-paid and financed mortgage insurance premiums permitted. Best Practices recommend referencing the LPA Feedback Certificate for the AMI Breakout and Required MI Coverage levels.

If all borrowers lack credit scores the loan can be submitted to Loan Product Advisor for a decision provided the loan is ≤95% LTV ratio as noted in Guide Section 5201.1(c)(ii). Loans with an “Accept” Risk Class are eligible for sale. For more information visit: [Freddie Mac HFA Advantage Resource Page](#). Additional Freddie Mac Resource Trainings: [Freddie Mac HFA Advantage Fact Sheet](#); [How to Submit HFA Advantage Mortgage Loans to Loan Product Advisor](#); [Gifts Grants and Affordable Seconds Tips for Loan Product Advisor](#); [Affordable Seconds Definition and Tips for Loan Product Advisor Submission](#).

FNMA HFA Preferred: Fannie Mae’s FHA Preferred product enables eligible state Housing Finance Agencies (HFAs) to deliver loans up to 97% loan-to-value (LTV) ratio with flexible mortgage insurance (MI) coverage requirements. HFA Preferred is ideal for borrowers with limited funds for down payment and closing costs and for those needing extra flexibilities on credit and income sources. It does not require a minimum contribution from the borrower’s own funds for one-unit properties. FNMA HFA Preferred mortgage loans must be run through Fannie Mae’s DU (Approve Eligible) FNMA HFA Preferred Guidelines. **Conventional Manual UW not allowed and will not be eligible for purchase by the TDHCA Master Servicer.**

Fannie Mae HFA Preferred is only Available through My Choice Texas Home with two different options:

- Borrowers with incomes of 80% AMI or below and Borrower with incomes of over 80% AMI, please do your extra due diligence when qualifying borrowers on the 80% and Over product.

Additional Requirements:

- a. All loans are subject to TDHCA and Master Servicer overlays
- b. Best practice is to not reserve funds until DU Findings are confirmed for what the borrower qualifies for. For example, if a reservation was placed for an over 80% AMI Conventional borrower and later it was determined that the borrower qualifies for the 80% and under loan, there could be significant pricing differences that might negatively impact your loan settlement. Avoid any unexpected pricing differences by thoroughly qualifying your borrowers prior to reservation. The AMI classification is determined by the AUS/DU findings
- c. Per FNMA guidelines: Non-occupant cosigner income must be included in the 80% AMI limit.
- d. Please note that AUS/DU for borrowers above 80% AMI may contain a message stating coverage of at least 18% MI may be obtained with a loan level price adjustment (LLPA). LLPAs are collected at the time of purchase if not collected at loan closing. It is the sole responsibility of the lender to lock loans based on Fannie Mae's income limits.
- e. To make this determination, AUS/DU factors in the total qualifying income (not MFA income) and the address of the subject property. Fannie Mae's AMI lookup tool may be used by lenders to make a preliminary assessment prior to running AUS/DU: [Area Median Income Lookup Tool](#)

3.2 Desktop Underwriting

TDHCA EIN: 74-2610542

TDHCA allows DU or LP for FHA loans. Loans originated under Fannie Mae HFA Preferred option are required to be processed through Desktop Underwriter (DU), using the HFA Preferred loan product only – Loan Product Advisor (LPA) is not allowed on HFA Preferred. Freddie Mac HFA Advantage Loans are required to be processed through Loan Prospect Advisor (LPA).

3.3 Cash Back to Borrower

No portion of the DPA can be paid to the borrower at closing, unless the borrower is being reimbursed for an overage of deposits for earnest money and/or items paid outside of closing; to the extent, the minimum borrower contribution has been satisfied. Any remaining funds including Gift Funds, should be applied as additional down payment or a principal reduction to the First Mortgage Loan. If there are still excess funds remaining, before closing, the loan is required to be re-worked to reduce or remove excess contributions from third parties.

Caution: Loan may not be eligible for purchase if the loan exceeds excess cash back guidelines, as stated above.

Best Practices for Excess Cash scenarios prior to closing: Family gift funds should not be sent to the Title Company and rather deposited in the borrower's account to allow for flexibility in using family gift funds as needed toward final Cash- to- Close requirements. Please consider using combined third party contributions to increase the down payment and lower the borrower's monthly payment since TDHCA allows for that. The Department's responsibility in controlling excess cash, is to assure TDHCA is funding loans that need the assistance and to benefit the borrower long term and must not allow loans to be over-subsidized with TDHCA funds that provide excess cash back to the borrower.

Program staff is available to review the CD to help determine guideline eligibility, prior to closing.

3.4 First Payment Date

Except for mortgage loans with interest credit up to seven (7) days, the first payment date on the Promissory Note must be due one (1) full month after the last day of the month in which the loan is closed. Loans with first payment dates greater than 61 days from the Promissory Note date are not eligible for purchase by the Master Servicer, TMS.

3.5 First Lien Mortgage Loan Payments and Terms

All first lien mortgage loans must be a 30-year loan, fully amortized with a fixed rate. All loans must be originated in accordance with agency guidelines. No loan level or discount pricing allowed.

3.6 First Lien - No DPA Un-Assisted Loan Terms

2ND Lien Disclosure Requirements

TDHCA's second lien meets the TRID partial exemption. **The Disclosure of 2ND Mortgage Loan Terms** was created (per 12 CFR 1026.18) to further clarify the terms of the 2ND mortgage to the borrower. This disclosure must be generated from the Lender Portal with all other applicable program forms and is required on all mortgage loans using TDHCA "assisted" funds. A qualified Borrower meeting the income requirements in place at the time of the assumption may assume all First Mortgage Loans originated under the Program. Such Mortgage Loans must be continued to be insured or guaranteed by FHA, VA or USDA.

If an Assisted Mortgage Loan (TDHCA First mortgage with down payment assistance) is assumed, the related DPA Loan will be accelerated and become due and payable in full. Releases of Liability are not permitted.

- Re-subordination of existing Texas Homebuyer Program assistance is prohibited.
- TDHCA Programs can be used to refinance a Temporary, Construction or Bridge loan with an original term of 2 years or less. Refinancing into a permanent 30 year mortgage.

=====

Section 4 - Title Requirements

TDHCA has specific title requirements for the 2nd lien loan documents. Lender must follow the below requirements and the Applicable Party Signature Guide.

4.1 My First Texas Home /My Choice Texas Home

FHA, USDA, VA

- Borrower(s) and non-purchasing spouses **shall be** vested on title and listed on the Deed of Trust.
- Un-married Occupants, not party to the note, **shall not** be vested on title.
- Co-signers **shall not** be vested on title, see Section 4.2, Co-signers and Guarantors.

Conventional - My Choice Texas Home only

- Borrower(s) and non-purchasing spouses **shall be** vested on title and listed on the Deed of Trust.
- Un-married Occupants, not party to the note, **shall not** be vested on title.
- Co-signers **shall not** be vested on title, see Section 4.2, Co-signers and Guarantors.

4.2 Co-signers and Guarantors

TDHCA defines Co-signers as **non-occupying loan guarantors** and are allowed per TDHCA guidelines. Co-signers are also referred to as non-occupant co-signers within this document.

- Co-signers may not reside in the subject property or be vested on title.
- All Co-signers will be required to execute the Affidavit of Co-signer/Guarantor and will be required to sign the Note, see Section 9, Applicable Signatures for required execution.

For further clarification TDHCA does not consider a Co-signer to be a Borrower, only a loan guarantor, largely due to the distinction that Co-signers may not reside in the subject property or be vested on title. Please note that important distinction.

Co-signer Income

The income of the Co-signer is not considered when determining income limit eligibility for TDHCA assistance Programs with the exception of the FNMA HFA Preferred Option and the Freddie Mac HFA Advantage Option - Co-signer income must be included when comparing FNMA HFA Preferred Option and the Freddie Mac HFA Advantage income vs AMI limits.

Lender Portal User Credentials

Mandatory Program and Lender Portal training is required prior to issuing credentials to lender portal users. See Section 7.3, Lender Training.

Each Lender will choose one or more staff members to manage the company's access to the Lender Portal.

This "Access Administrator" will determine who, within the company, will have access to the Lender Portal and who will

Designate, which level of access each employee will have and be responsible for setting-up and managing user access. Access levels range from "read only" to "Administrator" with other levels in-between.

All Access Administrators are required to monitor that training requirements have been met prior to issuing credentials to anyone with access to the Lender portal. Lenders will be notified of any staff that has credentials and does not have a record of completed required training. Access will be terminated until training completion is delivered, see section 7.2, Lender Training.

The TDHCA Lender Portal can be accessed at the following link: <https://www.TDHCA lender Portal.com>

7.3 Reserving TDHCA DPA Funds

Important Note: Delivery benchmarks start the date of reservation. All loans are due to be purchased within 60 days of reservation confirmation.

Reservation locks are available on business days between 9:00 a.m. and 6:00 p.m. Central Time. All other system features are available 24/7.

When the Lender reserves a mortgage loan or MCC in the Lender Portal, the Lender must:

1. Have a complete mortgage loan application from a borrower,
2. Have possession of a fully executed property sales contract/agreement or construction contract executed by the borrower and the seller or builder of the property.
3. Qualify borrowers for the exact loan program you intend to reserve under, especially for FTHB status, including the ability to produce 3 years tax returns and verifying borrowers are truly FTHB. Factor in total delivery time to purchase when deciding on when to lock your loan with the reservation. Extension fees may apply and can be avoided in many cases with adequate timing.

Best practice is to reserve funds no sooner than 15 days prior to closing in order to comfortably deliver your loan and have it purchased within the 60-day purchase deadline. Remember to submit a formal extension via tdhcalendersupport@hilltopsecurities.com if an extension is needed. Fees are applied as a reduction to SRP at settlement with the Master Servicer for loans not purchased within 60 days of reservation. See Section 6.4, Extension Policies.

Reservation Process

1. Login to The Lender Portal at <https://TDHCA LenderPortal.com>
2. Select the “New Reservation” tab in the upper left corner.
3. Select the appropriate Program from the list and complete the reservation form.

NOTE: Changing programs after reservation may not be possible and can be costly. Please take a moment to ensure you are choosing the correct program that meets your Borrower needs as there are many options.

- a. A MCC may be reserved as a mandatory combination with the second lien in the My First Texas Home Combo option (Check Reservation Portal and Daily Rate Notice for Availability)
 - b. Additional assistance grants, in the form of Gift Funds, are available from the Capital Area HFC, The City of McKinney HFC and the Harris County HFC in specific cities and counties. Select the option for the applicable grant based on the property location. If you don’t see the option you want, it may not be available in that program at that time. These funds are very popular and limited on a first come first serve basis.
4. Complete the entire reservation form and click “Submit” at the bottom of the form.
 - Required fields are designated with a red asterisk.
 - Error message prompts will appear if any required fields were overlooked or if the system cannot validate certain criteria.
 - Return to the indicated field(s) to correct the information and “Submit” again.
 - Once the loan is reserved, you will have the option to view or print your reservation confirmation. (“Reprint” Icon). **This is the interest rate that the first lien note must close with.**
 - The reservation confirmation will also include The Issuer’s Loan Number, the date reserved and the Commitment Expiration Date.
 5. To check status on the reservation updates such as compliance approvals and/or file deficiencies
 - You must log in to the Lender Portal,
 - Search for the borrower via name, loan number or social security number
 - Click the “view” icon and scroll to the bottom of the page for updates and status

7.4 Rules Related to Reservation of Funds

The Lender may accept loan applications in all of its lending offices for any Eligible property type within the State of Texas. Funds will be issued on a first-come, first-served basis, irrespective of the Borrower's race, color, religion, national origin, age, or gender. There will be no restrictions as to the total number of reservations issued to any particular Lender. Eligible Lenders are approved in advance with TDHCA and the Master Servicer must be licensed to originate Mortgage loans for The State of Texas and are not required to have a physical brick and mortar office, located in Texas.

- **Pre-Close Verification:** For all TDHCA Loans an Underwriting Pre-Close review is required before closing documents will be available for download. Please allow 48 – 72 hours after UW Certification document submission for review by HTS. **UW Certification Documents to Upload: 92900 LT/1008, Full Appraisal, Final AUS (DU/LPA/GUS) Approval and UW Certification Form.**
- **A Loan Reservation is Tied to Specific Borrowers:** The Program Administrator will not allow a transfer of a reservation from one eligible Borrower to another.
- **Changing an Existing Loan to A Different Program:** Under limited circumstances, changing a loan program to a different loan program from the original reservation, is allowed.

Note: TDHCA will not allow a new reservation for a Borrower, for the purpose of obtaining a lower rate.

- **Changing an Existing Loan to A Different Program, For a Lower Interest Rate:** In order to obtain a lower interest rate for an existing reservation, TDHCA will allow a new reservation for the borrower after cancellation and a 60 day waiting period, subject to funding availability. Rates are set by TDHCA investor requirements at the time of reservation.
- **Borrower with a Current Reservation Requesting to Change Lenders:** The original lender may voluntarily cancel the existing loan and TDHCA may allow a new reservation to be made by the new Lender, subject to review.

If TDHCA receives written notice from a borrower that they want to be released from their current lender, TDHCA will attempt to contact the existing lender to coordinate the termination of the reservation.

Note: TDHCA will not allow a new reservation for a Borrower with a new lender solely for the purpose of obtaining a lower rate.

- **Changes in Property Address:** A subject property address may be updated, by request, to the Program Administrator by providing a signed new sales contract for the same borrowers at a new address. This is assuming the new subject property will close within the original reservation timeline including any potential extension fees.

If the subject property address changes due to termination of the original sales contract after the loan reservation, the lender must upload, to the lender portal, a new executed sales contract for the same borrower(s) and submit an email request to: tdhcalendersupport@hilltopsecurities.com to update the subject property address. Any address changes are subject to the original reservation timeline including any potential extension fees.

- Loans under other specific parameters may be eligible to change program options. Please email TDHCALEnderSupport@hilltopsecurities.com with your specific loan scenario.

7.5 Loan Reservation Expiration and Cancellation

The Texas Homebuyer Program requires a formal extension form to be submitted and approved. Rate lock extensions are extended via written request in the Lender Portal and subject to the cost adjustments, as indicated in Section 6.4 Extension Cost.

- For a mortgage loan that will not be delivered to TDHCA, the Lender is responsible for cancelling the loan reservation immediately.
- If a Lender is unresponsive to loan status requests or if the loan is not UW Certified and is passed the 60 day loan purchase requirement by Master Servicer, automatic cancellations may occur without further notice.

Please note:

- Reinstatement requests may be considered only for extraordinary circumstances beyond the borrower's control and can be costly.
- Should the Lender cancel a reservation, the Lender may be prohibited from making another reservation for the same borrower for a period of 60 days, subject to investor restrictions.

7.6 Modifications to Loan Reservation

Lenders may edit certain areas of the Loan Reservation without TDHCA or Hilltop Securities approval **prior to Underwriter Certification**:

- Wages
- Loan Amount
- House Number
- Street Address, City, Zip, County
- Census Tract
- Property Acquisition
- Purchase Price
- Appraised Value
- Household Size
- DTI Back Ratio
- Loan Officer
- Borrower, Co-borrower Names
- Credit Score

After Underwriter Certification, any change to the mortgage loan amount at closing, not reflected in the Lender Portal, must be reported to Hilltop Securities immediately.

Keep in mind that the down payment / closing cost assisted available through the program is based on the total loan amount. Changes to the First mortgage loan amount will result in a change to the 2ND loan amount.

=====

Section 8 – Closing and Funding

TDHCA does not require a pre-close compliance check prior to closing with the exception of a partial check on property address eligibility for Gift Fund- associated loans and loans in Targeted Census tracts, which do put files on hold for 24-48 hours after UW Certification is delivered for review. By submitting an UW Certification, TDHCA trusts that the lender has met all published requirements and guidelines for Agency guidelines, TDHCA and Master Servicer requirements and is clear to close once documents are released and available in PDF Docs section of the Lender Portal.

TDHCA makes every effort to be fully transparent of all guidelines required, through this Lender Guide, regularly scheduled trainings available to all lenders and staff email and phone inquiries, as does the Program Administrator and Master Servicer to answer any guideline questions prior to closing. Please use our resources to double check any guideline questions you may have in advance to assure your loans are eligible for purchase. The final responsibility is the participating lender's to meet guidelines.

Lenders will ensure that all of the documents on the Compliance Checklist are provided to Title company or authorized closer, for execution, including the Title Company Instruction Letter, along with all other Program related forms to be executed at closing and will be required as part of the Post-Closing compliance file sent to Hilltop Securities via the Lender Portal.

Borrower, Co-Borrower, Spouse (including Non-Purchasing Spouse) must sign all applicable program documents, unless specifically noted in program description, see Section 9, Applicable Signatures for clarification. Any missing required documents will delay review and purchase. All notarized signatures must be original Wet Signatures. All other pages may be executed electronically.

NOTE: Lenders table fund the first and second liens and any applicable gift funds from the TDHCA HFC Partners. Lenders will be reimbursed the amount of the funds advanced when the Master Servicer, purchases the Mortgage Loan, subject to any applicable extension fees or other earned fees due. Because of this, TDHCA strongly encourages Lenders to implement a quality assurance process for program requirements. Any loan closing outside of Agency, TDHCA and Master Servicer guidelines WILL NOT be purchased.

8.1 Program Forms and Affidavits

For reference, all applicable Forms and Affidavits are found in the Lender Portal at www.TDHCA lender Portal.com and are only available after securely logging into the Lender Portal Auto-filled Program Forms and Affidavits are generated directly from the system. Please complete the documents accurately and in their entirety.

8.2 Submitting Electronic Compliance Documents

All documents listed on the Compliance Checklist must be uploaded electronically through the TDHCA Lender Portal, paper documents will not be accepted.

Once the reservation has been made, the Underwriter's Certification Form is immediately available in the Lender Portal.

- Select the Underwriter's Certification Form. **Fully complete and submit the form and any required supporting documents into the Lender Portal** using the "eDocs" icon to the left of the borrower's name. Please coordinate with your Closing Departments to make sure that the details of the UW Certification match the closing documents and what is shown in the Lender Portal Reservation System. Because the lender is generating its own first lien documents, TDHCA has no mechanism or per view to confirm the lender is closing at the reserved rate. Failure to do so can result in a loan not being eligible for purchase.
- Once submitted, all of the other program documents will populate and become available to you in the "PDF Docs" icon for completion.

NOTE: If the loan has TDHCA Gift Funds or is in a Targeted area, Hilltop Securities requires an additional 24-48 hours to review the subject property address is eligible, prior to documents being released for closing.

Section 10- Post Closing

10.1 Compliance File Delivery to Program Administrator - Hilltop Securities

Once a Mortgage Loan has been reserved on the Lender Portal, **the Lender has sixty (60) calendar days to close**, fund the Mortgage Loan, obtain compliance approval from the Program Administrator and have the Mortgage Loan purchased by the Servicer.

- Please factor in time from reservation to final settlement to avoid extension fees.
- Submit Post Closing packages electronically to the Program Administrator - Hilltop Securities via the Lender Portal within three to five (3-5) calendar days of Loan Closing, but in no event after the Commitment Expiration Date. Required documents are found in each program specific Post-Closing checklist found in the Lender Portal, “PDF docs” icon.
- The file will be reviewed for accuracy and will either be cleared to be released to the Master Servicer or conditional stipulations will be listed in the lender portal. It is the lender’s responsibility to timely address any outstanding stipulations. Keep in mind extension fees may be applicable for any delays in clearing conditions.
- **Pay for Fees via HilltopPay** - After the Post-Closing package is uploaded and submitted in the Lender Portal, designated contacts at your organization will receive an email link the day following the post-close package upload to securely log in (using their Lender Portal Credentials) and approve the ACH compliance fees through **HilltopPay ACH**.

NOTE: Please do NOT have Title remit the compliance fee to Hilltop or TDHCA

- Access to run reports of payments made or pending payments is available.
- Once approved for payment, the payment status will appear in the borrower’s loan reservation in the lender portal.
- **Please follow up in the Lender Portal 24-48 hours after submission for any Post-Closing conditions in the Loan Status tab, “View” icon. Any deficiencies should be resubmitted following the same process until you receive approval and “Commitment” in the portal.**
- Upon approval by the Program Administrator, the Mortgage Loan will reflect a “Close Pkg. Rev.” stage and a status of “Approved” in the Lender Portal and the Mortgage Loan will be eligible for purchase review by the Servicer, provided all Servicer conditions have been met. Compliance file must be approved by Hilltop Securities before a loan can be purchased by Master Servicer.
- Any loans purchased past the Commitment Expiration Date will be assessed an extension fee per the Extension Fee Table found in, Section 6.4 and posted on the TDHCA Daily Rate Notice. This fee will be deducted from the Lender’s wire at the time the loan is purchased by the Master Servicer

10.2 Post-Closing: Delivery to Master Servicer The Money Source (TMS)

Upon closing, the Lender will deliver the separate required closing package to the Master Servicer (TMS) for purchase review. In the event a loan was closed under the program but not eligible for purchase, the Lender must notify TDHCA immediately for instructions on the 2NDlien release. See [Quick Reference Guide.pdf](#) for additional information.
